Subject: Electronic Data Files - Falcon Refinery
Date: Friday, August 01, 2014 3:06:31 PM

Ms. Garza:

We are working with Brian Mueller of the U.S. EPA Region 6 on the Falcon Refinery RI/FS. The initial sampling was conducted by Kleinfelder under the supervision of Stephen Halasz. We are in the process of building a database of all of the sampling data generated at the site. We have been provided hard copies of the laboratory reports shown below but need the data in a format that can be easily added to the database. Please send an electronic copy of the data in either the Excel or Access format. We can work with a single file with all of the data or multiple files that correspond to each lab report. We need the following data fields:

Date Sampled
Client Sample ID
Lab Sample ID
Sample Type
Matrix
Method
CAS No.
Compound
Result
Qualifier
MQL
SDL
Units

Thanks for your help. Please do not hesitate to contact me if you have any questions.

Thank you,
Bob Owens
